CRYSTAL SELECTION

SWAROVSKI ELEMENTS (S)

The finest crystal in the world. Completely free of flaws, Strass is technical perfection characterized by optical purity and rich faceting. A proprietary formula of lead-free crystal with an invisible coating also make it dust and residue resistant. The ultimate prismatic brilliance.

HERITAGE (H)

Opulent by design, Heritage is first-quality machine-cut crystal with clarity and flawlessness above industry standards. Characterized by its prismatic brilliance, visual clarity, crisp faceting and refined polishing, Heritage graces many of Schonbek's best-selling crystal chandeliers.

ROCK CRYSTAL (R)

An ancient natural quartz gemstone valued by society, authentic and original Rock Crystal exhibit unique fissures and veins, a million years in the forming. Impossible to duplicate in laboratories, Rock Crystal is found deep within mines and polished to perfection to accentuate nature's artistic signature in every piece.

OPTIC CRYSTAL (O)

Modern advancements in the manufacture of optics used in telescopes for space exploration have created a new generation of crystal. Optically pure and created to optimize internal light refraction, the Optic Crystal used in Schonbek luminaires catapult new designs into the future.

*Crystal, glass, and all other materials containing 0.009% lead or less.
